

# PIANO / KEYBOARD LESSONS

## Keyboard Beginnings

New Classes  
Oct. 2- Jan. 29

Ages 4-7

A creative and successful approach to teaching music  
By Judy Kagel

Learn to play music on a keyboard in a relaxed and positive setting. Each child will have a keyboard, and learn to play and read music through musical games, and ear training. Judy Kagel will incorporate other instruments into the lesson such as autoharps, xylophones, and drum sticks, and use these instruments for tools to teach rhythm and harmony.

This is a child and parent participation class. Parents and children will share activities together and derive great benefits from developing good listening skills.

**Free Demo Lesson, Thursday, September 18th 5 PM**
